

Connecting to your Apple TV

Step 1

1. Make sure your iPad is on the Hempfield network.

****When you set up your iPad we connected it to the Hempfield-carts network. While it is on this network you will not be able to connect to your Apple TV!!*

2. Tap **Settings**.

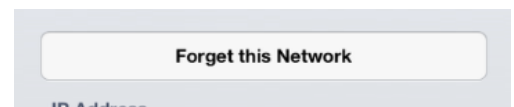

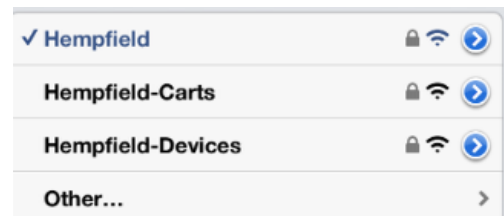

3. Tap **WiFi**.

4. Tap the **blue arrow** beside **Hempfield-carts**

5. Tap **Forget this network**. Tap **Forget**.

6. Tap **WiFi**

7. Select **Hempfield** as your new network.

8. You should get a password screen. Enter the password from the email that these directions were enclosed with.

=====

Step 2

1. **Connect** your VGA cord to the converter box.

2. Access and tap the **Airplay** icon on your iPad.

In IOS 6 you can double tap the home button and slide the tray to the right -or- use a 4 finger slide up on a screen and then slide the tray to the right.

In IOS 7 you will slide up from the bottom of the screen.

3. **Select** your room number. Be careful **NOT** to select someone else's room.

4. Tap **Mirroring to On**.

5. To stop the connection to the Apple TV tap **iPad** or **turn off mirroring**.
